Family Law

When people enter into a marriage they believe that it will last forever. That is not always the case and one spouse or both spouses often want to get a divorce.

That is where I come in. At Kiecker Law I have experience assisting clients with uncontested divorce proceedings. From preparing the initial paperwork to the final divorce decree, I will be there to assist you both.

If you are considering getting an uncontested divorce in Mankato, Greater Minnesota, or the Twin Cities, it is important to contact an experienced attorney to assist in dissolving your marriage.
